

Toowoomba Family Dispute Resolution (FDR) Process

The Toowoomba FRC has developed a range of FDR models to accommodate the diverse needs of the families we work with, including Legally Assisted FDR, Child Inclusive FDR and Property FDR (please note fees may apply to these services).

We encourage you to discuss these options with our Family Dispute Resolution Practitioners, however please be aware that it is ultimately the FDRP's decision as to what model of FDR will be recommended for your family's particular circumstances.

The invitation process can take up to 4 weeks. If the other party accepts the invitation, they will then complete the above process also. You will be

informed when the invitation process will commence, however we cannot provide specific details to you of when we contact the other party.
